For immediate release

Stoneset Marketing Center

Calgary, Alberta, - September 8 - Stoneset Equity Development Corp. (CNSX:SQC) has chosen the site for their future Stoneset Marketing Center. Ideally located at the intersection of the Banff Windermere Parkway and Athalmer Road intersection, any traveller going to, coming from, or passing by Invermere will be exposed to the Stoneset Marketing Center and associated signage. Ron Pelletier, Sales Manager at Stoneset explains: "When people go on vacation, they are much more likely to enquire about available recreational property. Invermere, which is just a few hours from Calgary, has access to boating, skiing, hiking and world class golf - it isn't hard to see why it is such a popular place."

The Stoneset Marketing Center, scheduled to open later this year will provide information regarding all of Stoneset's projects including Vista Del Lago.

###

Stoneset Equity Development Corp is a Calgary-based real estate investment company and property developer with a vision to create balance of consistent growth for investors, minimal environmental impact and value to the community.

The CNSX has not reviewed and does not accept responsibility for the adequacy of this release.
